Aim & objectives

Build secondary school **teachers' and trainers'** capacity to implement GCE with young people using DS

Promote **Global Citizenship Education (GCE)** in formal and non-formal Educational contexts in Europe, with the help of **Digital Storytelling (DS)** techniques.

Empower **young people** in the development of **social, civic and intercultural competences** as well as **critical thinking, media literacy, creativity and digital skills**

BRIGHTS blended course

BRIGHTS MOOC *“Addressing Global Citizenship Education through Digital Storytelling”*
(20h, 4 weeks): **1200 participants** (400 expected)

1° LEVEL - ADULTS
TRAINING

BRIGHTS WORKSHOPS

F2F workshops (10h) with **100 teachers/trainers** (25 per country)

2° LEVEL - YOUNGSTERS EDUCATION

F2F WORKSHOPS WITH YOUNG PEOPLE

- (25h) with around **1500 young people** engaged in the production of digital stories on GCE (April-June 2018)
- BRIGHTS Awards **European contest on digital stories**

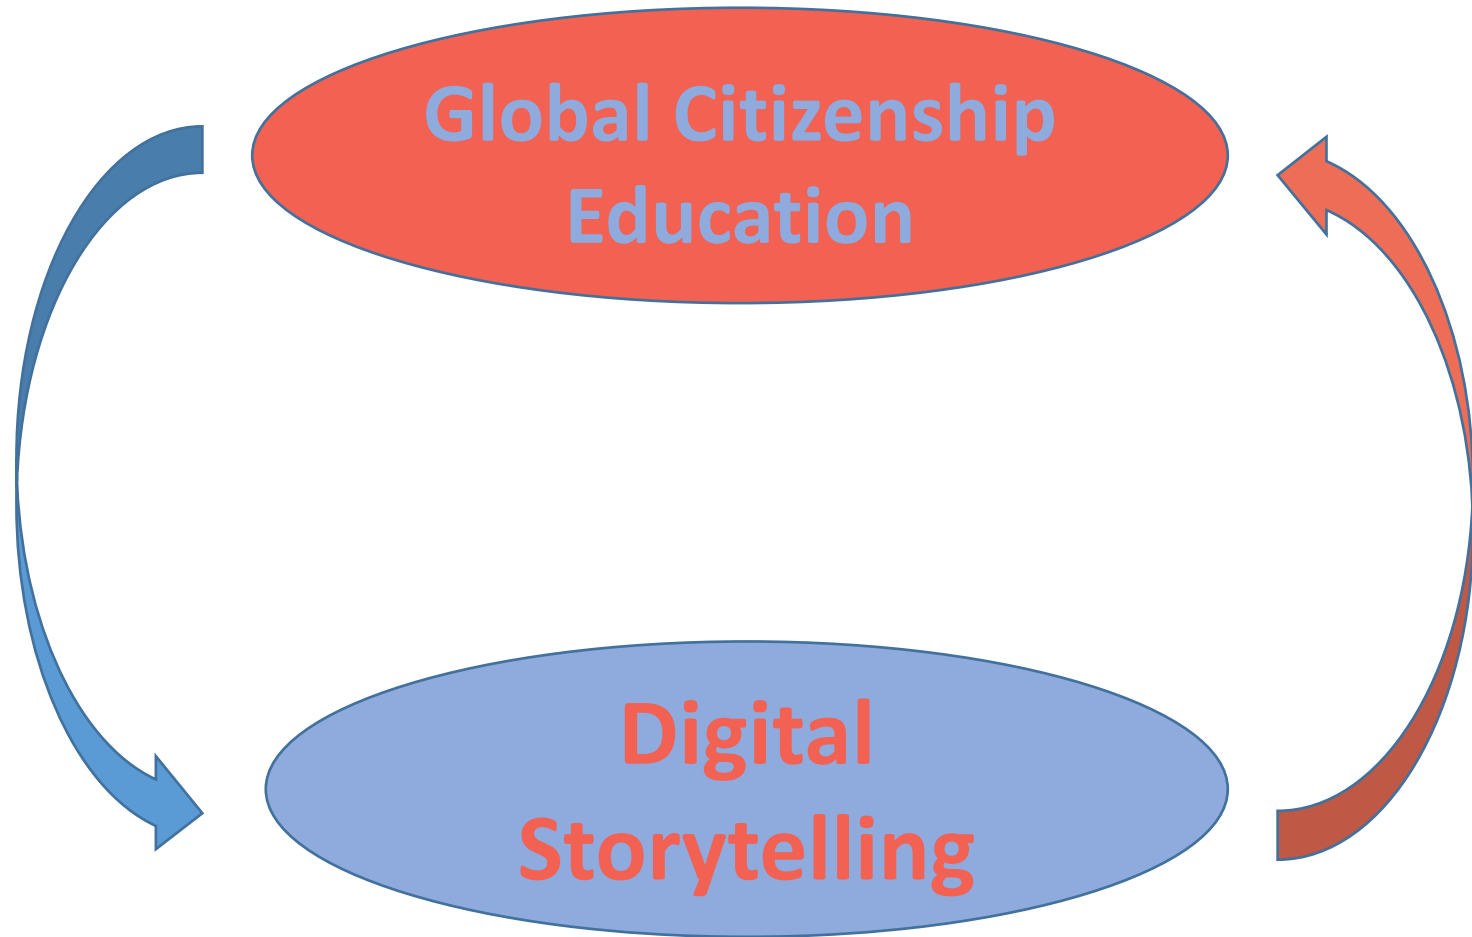

Co-funded by the
Erasmus+ Programme
of the European Union

This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

GCE & DS

- GCE aims to raise awareness of global issues and encourage **action** towards social change
- It gives young people **opportunities** to challenge racism and stereotypes, and develop social, civic, intercultural and 21st century **competences**
- one of the UNESCO **key education objectives** for the years 2014-2021.

Digital Storytelling

- DS is a **simple and accessible** way to tell a story through a short movie.
- DS embraces **creativity, digital literacy** and **critical thinking**.
- DS can easily **engage** students in deep and meaningful learning.
- The stories can be used as powerful tools to **raise awareness: sharing** with an audience through the use of social media.

Why GCE & DS in formal & non-formal education?

Multidimensional subject

- **separate subject**
- **integrated into other subjects**
- **cross-curricular theme**

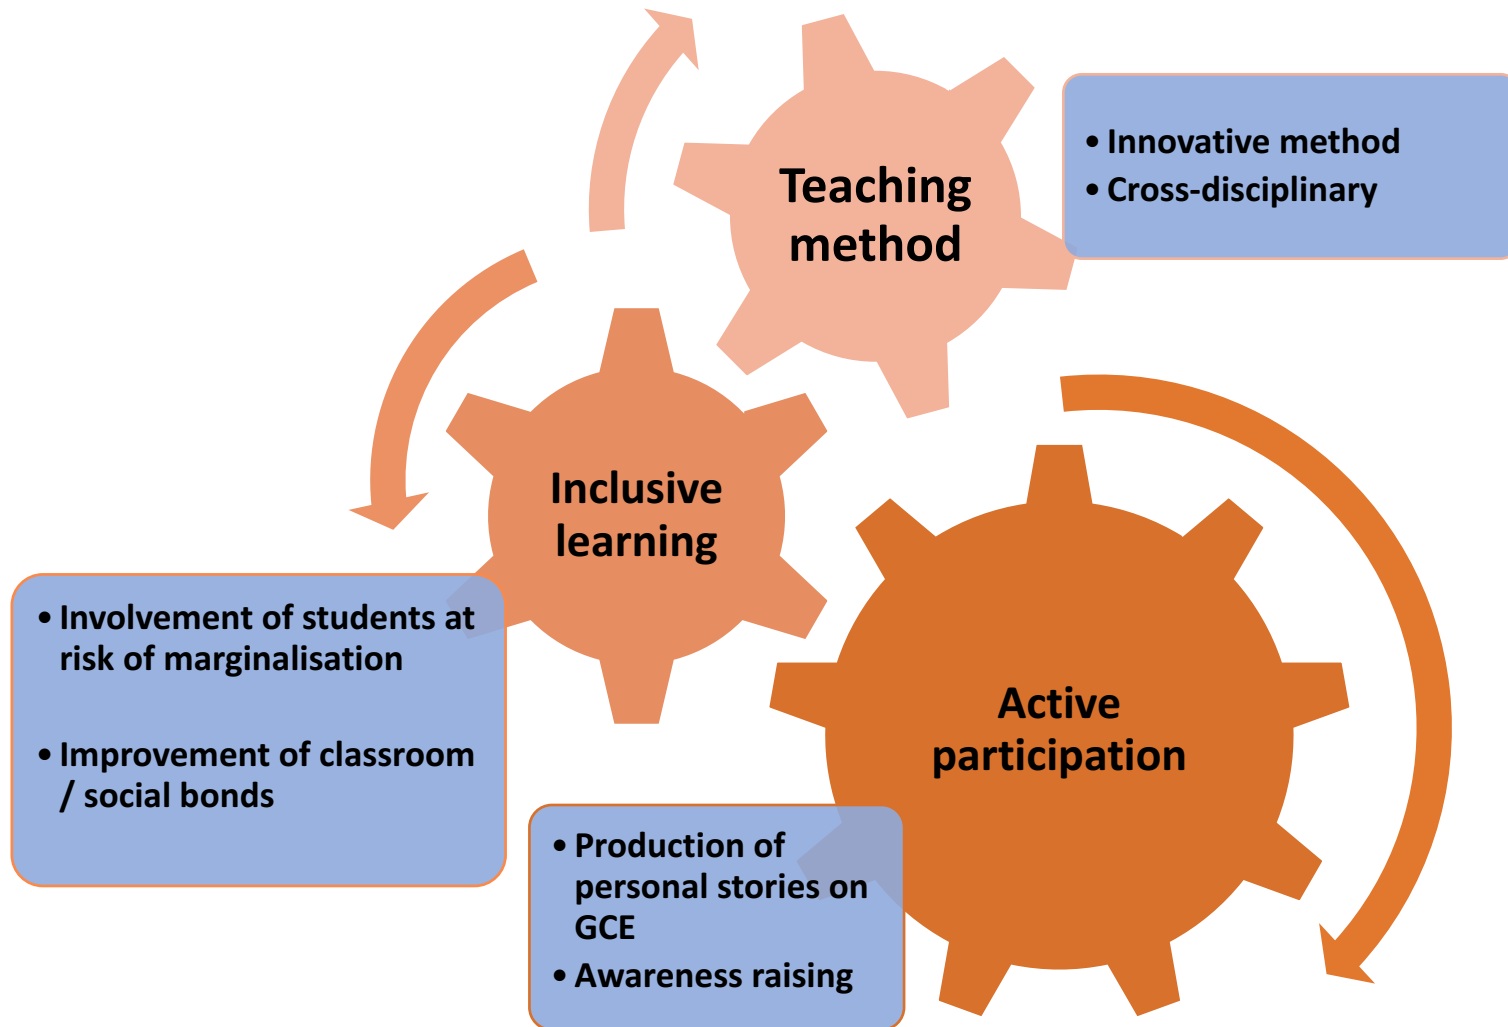

GCE as factor of change

- **Impact on society**

New technologies as catalyst of inclusive education

- **powerful technique that creates empathy**

BRIGHTS Lesson Learnt

A diagram consisting of three blue circles arranged vertically, connected by thin blue lines. The top circle is connected to the middle one, and the middle one to the bottom one. The top and bottom circles also have short lines extending from their top and bottom respectively.

Planning

Involvement of stakeholders

Effective technical support

Two examples from the **BRIGHTS** project
